H. RES.

Calling on President Biden to immediately implement his radical climate agenda at the White House by prohibiting use of petroleum-based products and energy sources.

IN THE HOUSE OF REPRESENTATIVES

Mr. HIGGINS of Louisiana submitted the following resolution; which was referred to the Committee on _____

RESOLUTION

Calling on President Biden to immediately implement his radical climate agenda at the White House by prohibiting use of petroleum-based products and energy sources.

- 1 *Resolved*, That the House of Representatives—
- 2 (1) urges the Biden administration to live by its
- 3 own decrees as it continues its assault on United
- 4 States energy and petrochemical industry jobs;
- 5 (2) calls on President Biden to implement the
- 6 Biden administration’s climate agenda at the White
- 7 House by prohibiting use of petroleum-based prod-
- 8 ucts and energy sources, including by immediately—

1 (A) detaching the White House from the
2 electric grid;

3 (B) installing wind and solar energy pro-
4 duction units on White House grounds as a
5 substitute to the previous fossil fuel-generated
6 energy;

7 (C) detaching the White House from any
8 aboveground or belowground pipelines that pro-
9 vide natural gas or other utility services;

10 (D) updating Air Force One into an elec-
11 tric-powered aircraft;

12 (E) updating all Marine One helicopters in
13 service to full electric power;

14 (F) updating all Presidential motorcade ve-
15 hicles to be electric powered; and

16 (G) removing or banning from the grounds
17 of the White House equipment, objects, and
18 materials derived from petroleum products, in-
19 cluding cameras, microphones, mobile devices
20 (phones and tablets), desktops, laptops, print-
21 ers, coffee makers, plastic or laminated identi-
22 fication cards, ink pens, refrigerators, micro-
23 waves, ice cube trays, plastic drinking cups,
24 cleaning products, surgical masks, plexiglass,
25 trash and recycling bins, oil-based paintings,

1 furniture, cosmetic products, soaps and
2 toiletries, and clothing and shoes;

3 (3) recognizes that the Biden administration's
4 energy policies jeopardize the well-being and security
5 of the entire citizenry of the United States;

6 (4) supports the continued efforts of the energy
7 and petrochemical industry of the United States to
8 continue leading the modern world in efficient, clean,
9 and safe operations;

10 (5) denounces administrative policies that move
11 energy production to less-regulated foreign nations
12 with horrible ecological records; and

13 (6) supports the use of fossil fuel and petro-
14 leum products which have made modern life possible.
