Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Multimodal Warehouse Facility project in Fiscal Year 2027. The entity to receive funding for this project is the Morgan City Harbor and Terminal District, located at 800 Youngs Road, Morgan City, LA 70380. The funding would be used to increase warehouse storage capacity at the port's terminal facility along the Gulf Intracoastal Waterway by building a 35,000-square-foot multimodal warehouse facility with access to rail, truck, and vessel transport. The project is an appropriate use of taxpayer funds because storing on-site will increase economic activity in the region.

The project has a federal nexus because the funding provided is for purposes authorized by 46 USC 54301.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Respectfully,
