Chairman Cole and Ranking Member DeLauro,

I am requesting funding for the Town of Church Point Rehabilitation of Existing Sewer Pump Stations project in Fiscal Year 2027. The entity to receive funding for this project is the Town of Church Point, located at 9545 Hwy 35 and 1183 Hwy 178, Church Point, LA 70525. The funding would be used to rehabilitate two critical wastewater pump stations within its sanitary sewer collection system that are currently experiencing mechanical, structural, and operational failures. The project is an appropriate use of taxpayer funds because its completion will protect public health, reduce regulatory risk, and extend the service life of critical wastewater infrastructure serving residents, businesses, schools, and public facilities in the Town of Church Point.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Respectfully,

A handwritten signature in blue ink that reads "Clay Higgins".
